3. **WORK SHARE- BE A PART OF THE GROWING PROCESS!** We are only offering 20 of these shares. Get your hands dirty and be a part of creating your food! You may choose either a FULL or HALF share and get a \$75 DISCOUNT by adopting ONE row.

As long as you get the weeds when they are small, the job is very doable. As you know, we are a small, family farm. The only way we can offer more

CSA shares is if we have help from friends like you to take some of the weeding. Rows are long—up to 250 feet, but we rotatill as close to the plants as possible. You would only be responsible for the area around the plants themselves.

Discount: -\$75 off (16% off Full & 24% off Half)

*Work shares tend to choose one of two methods:

a. Each week, they run down the row, making a quick pass with a hoe so the weeds are culled when small and easy. (Recommended!)

b. They bring in friends once a month and spend a couple hours or more weeding everything that grew that month. (This is way, way, way harder—but at least it gets done.)

*Without care, the weeds grow faster than the crops and choke them, resulting in the loss of harvest. At the end of each month, a notice will be posted reminding everyone that all rows must be done. Failure to clear the row of weeds will result in a \$25 charge on your card one week after the month-end deadline so we can hire someone to do your row. This process would repeat each month. (Life happens. If you have a special circumstance and need help—TALK to us prior to the deadline and we will work with you if we can)

I understand that as a CSA share holder, I will receive a weekly share/half share of fresh produce that is grown and harvested for me at Swore Farms. I know that while Swore Farms is committed to giving me the very best produce possible, that there are inherent risks in farming and that the CSA community shares those risks. I understand that my produce must be picked up at the designated location during the time allotted for pick up, and that I must make arrangements prior to pick up time because food baskets are perishable and will be given to someone else if not claimed on time. I know that I can call or email Swore Farms with any questions or concerns because they LOVE to hear from me.

I have read and understand the statements in this contract and agree with Swore Farms' CSA policies. I'm excited to have Swore Farms grow food for me!
